THE BIG BOSSES

The target of never-ending criticism
The problems of pleasing everyone
And deciding what's right for 1300 students
Rest on the shoulders of these individuals.
Keeping an open-eye
For those who are guilty of breaking rules . . .
Keeping an open-mind
For new ideas and suggestions.
Responsibility for the education of
Tomorrow's leaders.

PLACING STUDENTS WHERE THEY BELONG

Mrs. Whitsett

The endless duties of the guidance counselors
 Program planning in the summer . . .
 Confusion of the first day of school . . .
 Rescheduling . . . changing classes . . .
 Dropping courses.
 Administering scores of tests
 Arranging interviews with college officials
 Counselling . . . advising . . .
 Where shall I apply for college?
 Can I drop geometry?
 Solving problems of overcrowded classrooms,
 Taking time to talk to students individually,
 Concerned . . . Interested . . .
 This is where a student goes
 When he needs someone who will listen.

LIBRARY TREASURY OF IDEAS

Amidst the quietness . . .
Chairs squeaking,
The clearing of throats,
An occasional reprimand
For a flapping mouth —
Amidst the sounds of
Minds working . . .
Enjoyment.
Enclosed by books,
The atmosphere is set for
Imagination — adventure.

OUR NATIVE LANGUAGE AND ITS STRUCTURE

Mrs. Greene

500 word essays . . .
 Expository paragraphs . . .
 Correcting grammatical errors
 And misspelled words
 Hearty support of Enrichment Films;
 Book lists for college bound students.
 The in-depth study of classics . . .
Beowulf . . . The Crucible . . . Silas Marner.
 Oral reports to correct speech patterns
 Vocabulary words
 For better communication —
 Parallel reading of books
 Which are always approved
 By the teacher if it's deep enough
 Enjoyment in recognizing a complex word
 The struggle to teach the native language
 Continues . . .

FIGURES NEVER FAIL TO STUMP STUDENTS

Mrs. French

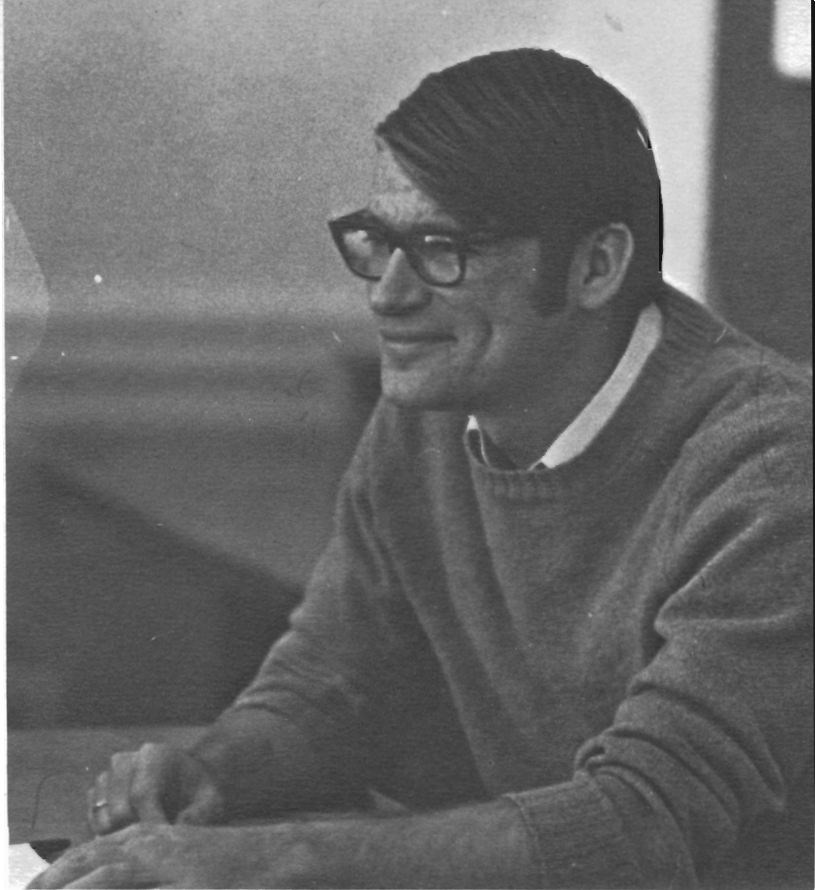

Numbers that you have
Known all your life
Grow more and more
Complicated every year.
Frustrated students become more
Irrational than the number . . .
A sea of equations . . .
Circles, parabolas, lemmas . . .
Excedrin headache # $-b \pm \sqrt{}$
Endless cries of
"But I don't understand!"
Applying simple arithmetic
To higher math problems.
A struggle to get an answer
But the result . . .
A feeling of great accomplishment.

REFLEXION OF THE PAST – TO BUILD THE FUTURE

Mrs. Pittman

Last year and yesterday are now in the past
What have we accomplished . . .
Goals of peace and understanding?
Current events . . .
Is this the way we want to live?
We must prepare for the future
A world of reality . . . Face the facts . . .
Inflation . . . Civil Rights . . .
Moratorium . . . A time for thinking

A STEP TOWARD WORLD COMMUNICATION

Strangeness at first . . .
New words
New sounds
New rules of construction
A uniqueness of pronunciations
Surprise with success
Frustration with failure
The ridged structure of Latin
The soft sounds of French
And the round sounds of Spanish
The new and harsh sound of German
The languages offer changes . . .
From the monotony of school
Sometimes refreshing sometimes not.

Heavier,
Smoother,
Stronger,
And specialized tools for . . .
Cutting,
Bending,
Turning,
Drilling,

ART . . . ANYTHING AND EVERYTHING GOES

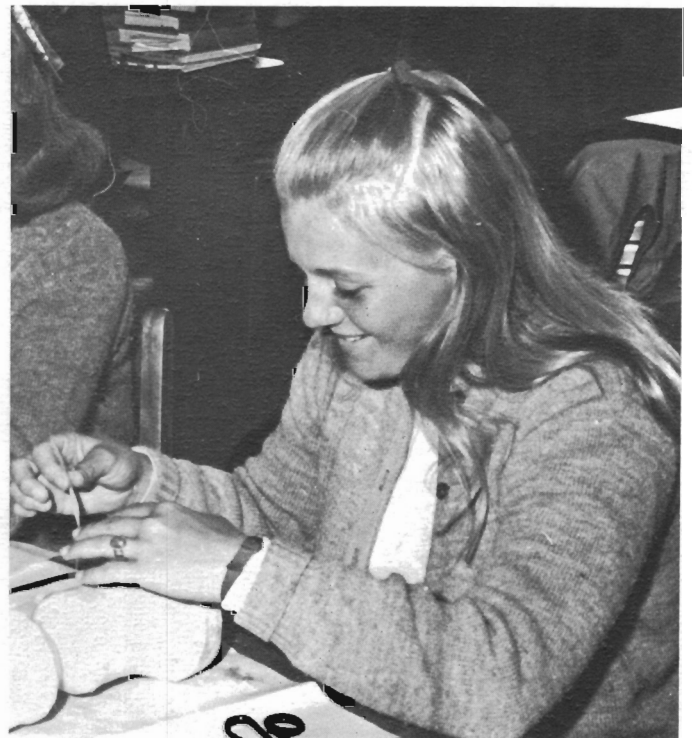

Art
 Imagination is creativity . . .
 The skill of precision;
 The pride of creation . . .
 Painting and drawing.
 Three dimensions on one.
 The exacting lines . . .

MUSIC

BAND OPENS WITH AUTUMN CONCERT

Seemingly endless practice . . .
Constant repetition;
Repeating for perfection.
The cues . . .
The time . . .
The measures;
And last but primarily . . . the technique.

PHYSICAL EDUCATION FITNESS STRESSED MORE THAN EVER

The tiresome chore of
Changing into a gym suit
The traditional talk about
Having to take a shower
Exhausting Physical Fitness Tests
The experience of playing

As fun as football
As awful as "murder"

CLASS OF 1970

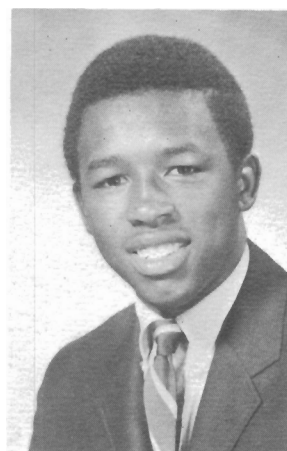

Seniority . . .
 The highest of all
 A review of twelve long years
 With an insight to many more
 This is the time of
 Decision and uncertainty
 Chaos and complacency
 A memory year
 A year to look back on
 And remember . . .
 All our friends and teachers
 Keeping their images in a special place
 Where in the future
 We can glance back
 And say, "Hey I remember"
 A busy year . . .
 Research papers . . .
 Projects . . .
 Visits to colleges
 Interviews, and many questions
 But the time will pass
 And as the senior year ends
 So does our present routine
 Let reality smile upon us
 And together Advance.

A black and white photograph of a woman's profile, facing right. Her hair is dark and pulled back. She is wearing a light-colored, possibly white, garment. The image has a grainy, high-contrast quality. A white rectangular box is overlaid on the right side of the image, containing the word "JUN" in large, bold, black capital letters.

JUNIORS

GERRY MITCHELL IS TO LEAD THE CLASS OF 1971

Settling down to another year at Lane . . .
Only one more year to go.
But it will go quickly,
Fighting in Powder Puff
Working on the Talent Show
Devoting time to the Prom.
We will also begin to think about the
coming years . . .

"When should I take College Boards?"

"Where will I go to school?"

"What do I need to take next year?"

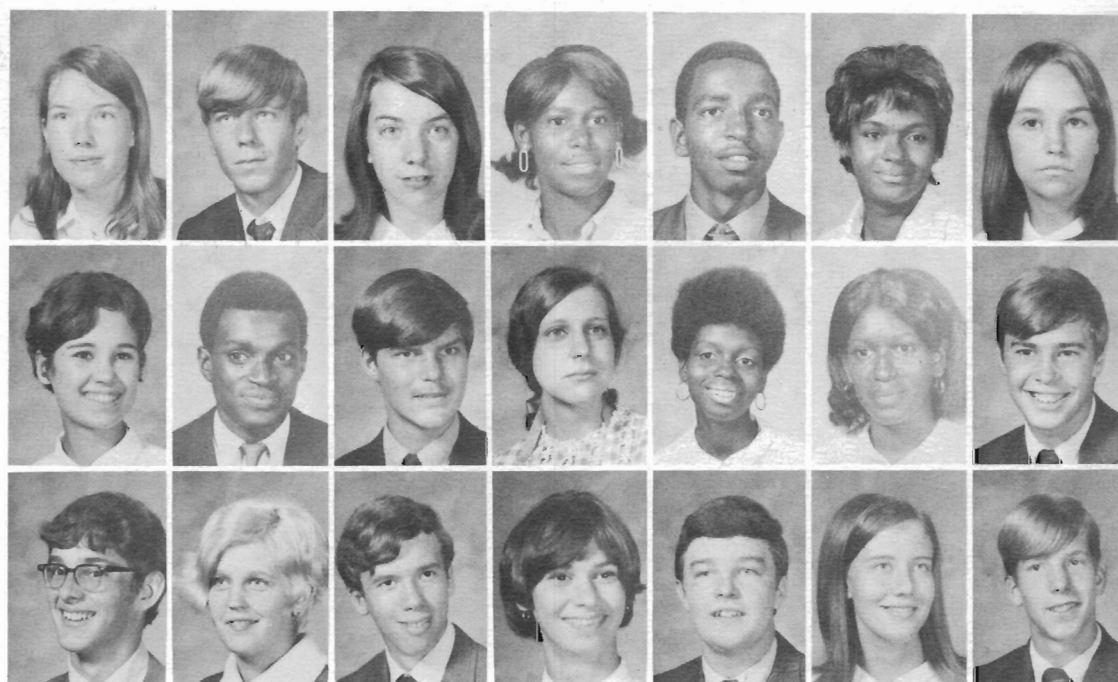

All the answers will determine the future
And our future begins now.

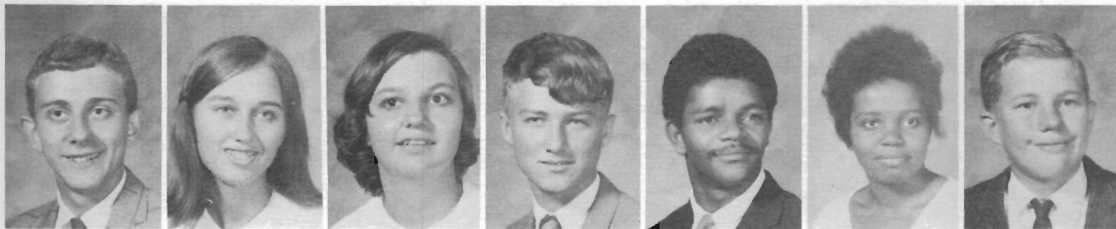

Mike Clark typifies Junior enthusiasm.

Mike Craft diligently practices on his clarinet.

At last it's
happened . . .
We've made it
to the big time . . .
There will be
more responsibilities
than ever before . . .
But I'm eager to
accept the challenge.
For it can be the
turning point of
my life . . .
I know LANE will
offer me a great
deal . . .
The rest I must
find for

RETROSPECT

We made the step into a new decade
The seventies are ours to do as we will
Another has escaped leaving us
Proud to be the first on the moon
And filled with remorse about drug addiction
Riots and cyclamates
Overpopulation . . . the pill, does she or
doesn't she?
Persistent Viet Nam, the unforgettable My Lai
massacre
And apathy
To be in is to be a radical
Dress codes . . . the maxis, the long and the short
of it
The day of dissent . . . moratorium
Alice's Restaurant, women's liberation front,
Chicago Seven and the experimental university
The very nice: a peace sign in the snow
And the Merry Christmas flag
Surprising Christmas day snow
Attempts toward de-escalation and curbing
inflation
Are you rippling?
And daily trips to the Do-nut Man
The incredible: coastal oil slicks, 747 Boeing Jet
U. Va goes co-ed . . .
August Rains . . . school bond failure . . .
emphasis on youth
Vote at eighteen?
Easy Rider, Midnight Cowboy, and Last
Summer
H. C. Lodge leaves Paris peace talks
Kennedy — Kopechne trial
And for some . . . their last year at Lane
The new lottery system
Weekly Lanetimes, last Lane capital district
game
German classes . . . new movie ratings . . .
And fewer student parking places
Are the changes . . .
Agnew, Minnelly, Redford and Welch
Delight the public while Haynesworth receives
pity
Fans are surprised as Mets are world champions
"The Bridge Over Troubled Waters" becomes
the goal of many . . .
Others watch the spectacular solar eclipse
The past becomes a reality,
The future a dream to unfold.

ARE WE WHAT WE SHALL BE
